

TAILORED MARINE SOLUTIONS

MISSION STATEMENT

Our Mission is to gain trust and respect, by safely delivering a diverse range of quality marine services and consistently exceeding customer expectations.

COMPANY OVERVIEW

Tailored Marine Solutions (TMS) provide high quality marine solutions to the Oil and Gas, Mining, Marine, Defence, Shipping and Construction Industries.

Based in Cairns, Queensland, we are perfectly placed to service clients throughout Northern Australia, the Torres Strait and Papua New Guinea. Specialising in remote location maintenance, repair and installation.

TMS has extensive PNG in Country experience and with the full support from our head office in Cairns, we are able to cost effectively support your project while working in PNG.

TMS provide comprehensive Commercial Dive Services supported by its Fleet of Dive Support Vessels, Workboats and Marine Equipment.

These assets under the one roof enables us to deliver a variety of marine support services including but not limited to:

- Commercial Dive Services
- Underwater Inspection, Repair and Maintenance Services
- Marine Infrastructure Inspection, Repairs and Maintenance (IRM)
- Marine Support
- Crew Transfers & Ferry Services
- Vessel Charter Services
- Survey Support
- Marine Construction and Support
- ROV inspection services
